### **Tara Allen – Office Assistant**

Tara lives in Port Townsend with her husband, son and daughter. She and her husband Peter have opened 'PT Salvage & Re-Purposing' store in Port Hadlock. They built a home in Port Townsend several years ago and are still fine tuning the decor and gardens. Tara is an avid amateur gardener, film buff, as well as knitter. She has been working as an essential and valuable part of the Sunshine team since 2006.

## **Saving Tip\$**

- Make sure your water heater is no higher than 120°. You will save in costs and reduce the risk of scalding.
- Increase your water heater's efficiency by draining every six months to remove lime and sediment while prolonging its longevity.
- Install flow-restricting showerheads and reduce hot water usage by up to 50% without affecting shower pressure.
- Repair leaky faucets. A leak that fills a coffee cup in 10 min wastes 3,200 gal of water per year.
- Run dishwashers, washing machines and clothes dryers with a full load.

## **'Federal Tax Credits up to \$1500' There is still time left!**

Homeowners who purchase and install a qualifying water heater or boiler between now and Dec. 31, 2010 will be eligible for a tax credit equal to 30% of the full purchase and installation price up to a max of \$1500. Come by or call for a free site visit to see what products will work for you.
